Good Afternoon,

I sent the email below to Lindsay last week and thought I might open it up to the rest of you for your input. Any insight and information would be really appreciated.

Thank you,

Subject: Rocky Flats Downwinders Information

Hi Lindsay,

My name is Kari Ramos and I work with Ramos Law here in Denver. We were referred to you by Lucas Staks. I am searching for information on resources available to Rocky Flats Downwinders. More specifically, we are trying to find any information, resources, funding sources, etc. for those who did not work for the plant but lived in close proximity and are now experiencing many of the same health struggles as the workers who were exposed to the radiation and toxic materials due to the plant's operation.

Would you share the information you know and help us find a way to help those who are seeking our assistance? Feel free to contact me at the information below. I want to keep this as easy as possibly for you to share what you have or know.

Thank you,

Kari Ramos, JD

Hello Kari,

Thank you for your follow-up email. We are in the process of drafting a reply letter that provides more information. I am also checking with others here in case there are any programs/funding I do not know about.

Thanks for your patience,
